

Five Free Steps to Better Maths

Useful online tools for union reps promoting maths in their workplace, or brushing up their own skills

1

Take an initial assessment at your leisure with **Use-IT**

UNIONLEARN.ORG.UK/USE-IT

2

Dig a bit deeper into everyday maths and see where you can improve your skills. Take the Numeracy Challenge.

NNCHALLENGE.ORG.UK/UNIONLEARN

4

The **Working with Figures** eNote teaches you to use calculations for union work. Register at:

TUCEducation.ORG.UK

3

Confident with **Level 2 maths?** This course helps you solve the kinds of maths problems that come up at work and in life.

CITIZENMATHS.COM

5

Use **#ulmathsworkout @unionlearn** to tell everyone how you are doing, or post your successes on:

FACEBOOK.COM/TUCUNIONLEARN

A union learning rep in your workplace will be eager to help you at any stage of this journey
